Doggie Fountain

A F1 Doggie Fountain™

With the Allied Doggie Fountain, your pooch can get fresh water for himself whenever he wants it. A simple press of the valve pad brings a steady stream of water. Because it's so easy and convenient, the Doggie Fountain encourages drinking. It totally eliminates stagnant water and its attendant problems such as mosquitoes and West Nile virus. The Doggie Fountain is made of heavy-gauge steel for durability and trouble-free operation. It easily attaches to hose or faucet. One-year warranty.

C Translucent Storage Bins
T6226 24 Quart Stacking Bin
T6228 32 Quart Stacking Bin

D Recycling Bins
T6220 12 Gallon Recycling Bin Yellow
T6222 16 Gallon Recycling Bin Blue
T6224 20 Gallon Recycling Bin Green
T6230 3 Piece Set 12-16-20 Gallon Recycling Bins

E Feed, Tack, and General Purpose Bins
T6215 12 Gallon Bin
T6216 16 Gallon Bin
T6217 20 Gallon Bin

These unique storage bins are constructed of high-quality plastic and are perfect for garage, closets, stables, or other storage areas. These bins can be stacked with or without* the lids while still providing easy access in either configuration. The front of each lid is sloped and hinged and can be conveniently latched open. The bins nest completely for compact shipment and minimal shelf space. They are available in translucent as pictured as well as standard recycling colors. Uses include: pet food, bird feed, deicing salt, tack supplies, recycling containers, and common, everyday storage too!

*T6226 and T6228 will not stack without lids.

F Non-tip Stainless Steel Pet Bowls
171021 16 ounce
171022 24 ounce
171026 32 ounce (1 quart)
171024 64 ounce (2 quart)
171025 96 ounce (3 quart)

Allied Non-tip Stainless Steel Pet Bowls are designed to prevent accidental movement and spillage during feeding or drinking.

These bowls feature a rubber ring to keep the bowls from skidding. The shape of the bowls prevents pets from lifting the dishes in their mouths.

G Standard Stainless Steel Pet Bowls
171002 1 pint
171003 1 quart
171004 2 quart
171005 3 quart
171006 5 quart

These value-priced Stainless Steel Pet Bowls offer unbeatable savings and durability!

H DD1 Stainless Steel Double Diner
The convenient Stainless Steel Double Diner keeps food and water bowls neatly organized. The sturdy nonskid frame holds both dishes in place during feeding and watering. Each set includes one stainless steel Frame and two stainless steel Dishes.

A BC3 Kool Bowl™

This unique pet bowl keeps your pet's water cool all day long. Your pet is encouraged to drink more water because the water temperature is lowered to 10° to 20° F below ambient*.

The Kool Bowl can be used indoors or outdoors, has a three quart capacity, and operates approximately two months on two "D" cell batteries (not included). The ceramic bowl is easily removed for cleaning and is dishwasher safe. Patent pending.

B Kool Mat™

- 18S Unfolded Size: 12" x 18"
- 18M Unfolded Size: 24" x 36"
- 18L Unfolded Size: 36" x 48"

The Kool Mat provides a refreshing cool surface for your pet. It can be used indoors or outdoors and requires no electricity, simply add water from your tap to activate. Our unique mesh padding provides superior heat transfer compared to competing products.

The Kool Mat works by transferring heat away from your pet while providing a soft cushion pad for comfort.

Our proprietary FridgeFold™ design allows the mat to be conveniently folded and placed in your refrigerator for those hot summer days when your pet needs extra cooling, while also allowing it to be conveniently stored during winter months. Patent pending.

The Kool Mat also includes a free cover—a \$20 value!

the Koolinator

Includes a FREE cover—a \$20 value!

*Based on 50% relative humidity. Actual temperature drop will depend upon humidity. Lower humidity will produce a larger temperature difference.

C 4WW Standard Water Wiggler™

The Water Wiggler features a unique agitator action that creates continuous ripples that help prevent the spread of West Nile Virus by eliminating stagnant water in bird baths. And, moving water attracts birds!

The Water Wiggler is easy to install. Just place and go! There is no wiring and no plumbing. It operates on two D-cell batteries (not included) for up to two months of continuous use under normal conditions. The Standard Water Wiggler is completely silent. Patented.

D Water Wiggler™ with Pottery Cover

- 5WWG-S with Sage Cover
- 5WWG-T with Tan Cover
- 5WWG-W with White Cover
- 5NC with Unglazed Cover

For those who want a more dressy Water Wiggler, Allied Precision is proud to offer the 5WW Water Wiggler with Pottery Cover. It features the same performance as the Standard Water Wiggler enhanced by a natural ceramic Cover. Three appealing Covers are available: Unglazed, Sage Glazed, and White Glazed. The Pottery Covers are available separately for those who already own the Water Wiggler. Patented.

E 6WW Water Wiggler™ with Sound

The 6WW Water Wiggler with Sound includes all of the great features of the Standard Water Wiggler, and then adds a soothing natural "rippling brook" sound to make those happy times near your bird bath even more pleasant. Patented.

F 7WW Aurora Water Wiggler™

If your bird bath is in your favorite evening spot, the 7WW Aurora Water Wiggler is the one for you. The Aurora Water Wiggler will light up at dusk and provide three hours of pleasing colors as the dome slowly shifts through the spectrum. A sensor on the underside of the Aurora Water Wiggler turns the unit on at dusk. The lights will automatically shut off after three hours and come back on the following evening. The Aurora Water Wiggler will continuously agitate the water to prevent mosquitoes from laying eggs even when the lights are off. Patented.

GRADUALLY CHANGING RAINBOW OF COLORS CASTS A SOFT GLOW AT NIGHT

The unique design of the EZ-Tilt-To-Clean™ Deck Mount allows the bird bath to be easily tilted and lifted for cleaning or storage.

A

**A 645 20" Bird Bath with EZ-Tilt-To-Clean™ Deck Mount
650 20" Heated Bird Bath with EZ-Tilt-To-Clean™ Deck Mount**

Ideal for use from spring through fall, and it will not crack if left outside in the winter. The basin has a gradual slope to encourage bathing.

Using the unique EZ-Tilt-To-Clean™ hardware included, the Bath is easily mounted to a wooden deck rail. Patented.

**B 13B 14" Bird Bath with EZ-Tilt-To-Clean™ Deck Mount and Pole Mount
14B Heated 14" Bird Bath with EZ-Tilt-To-Clean™ Deck Mount and Pole Mount**

Same great features as the 645 Bird Bath, in a more compact size. Patented.

C 390 Water Rippling Bird Bath™ with Pedestal And Water Wiggler™

Easy to use, 20" diameter birdbath and pedestal with Water Wiggler® sets up quickly and is easy to clean. The gradual slope on the bowl is easy for birds to use and it will not crack in freezing temperatures.

The included Water Wiggler operates on two "D" cell batteries for an entire season. The Water Wiggler's unique agitator action creates continuous ripples in water. This prevents mosquitoes from laying their eggs in bird baths by eliminating stagnant water, and thereby guarding against the spread of West Nile virus. Patented.

D 290 Bird Bath with Pedestal

Same great features as the 390 Water Rippling Birdbath, but without the Water Wiggler.

E Quiba BirdSpa

- 21WMF Quiba BirdSpa With Pedestal
- 21WMF-S Quiba BirdSpa – Top Only
- 21WMF-P Quiba BirdSpa – Pedestal Only

The Quiba BirdSpa is a patented recirculating, self-filling bird bath / fountain so easy to maintain that it practically cleans itself! Constructed from lightweight fiberglass with an attractive weathered finish, the Quiba BirdSpa features a large basin and bubbling fountain that birds find irresistible.

Unlike other bird baths, the Quiba BirdSpa circulates the water through a filter to remove dirt and debris, and the constant water motion prevents mosquitoes from landing to lay eggs.

Each Quiba BirdSpa comes equipped with an auto-filling feature and 50 feet of tubing to allow hands-free operation all summer long. A Y-coupler is also included so the unit doesn't take away use of your outdoor faucet. For winter, a birdbath heater can be invisibly placed in the reservoir. Patented.

B

A AF660 Automatic Refill Birdbath with Pedestal and KozyFill™ Automatic Bird Bath Filling System

Enjoy your favorite backyard pastime with the bird bath that refills itself, *automatically!* It provides the comfort and style your feathered friends will flock to. And it couldn't be more convenient for you, because there's no need to ever carry water to your bird bath again! Includes Pedestal and KozyFill automatic filling system as shown in C.

B AF475 KozyBird™ Resort with Pedestal and KozyFill™ Automatic Bird Bath Filling System

The KozyBird Resort features a 20" diameter bowl with a gradual slope that's easy for birds to use. The center island of the KozyBird Resort creates a shallow, natural puddle to attract small birds.

Its attractive sculptured design looks and feels like natural granite. Includes Pedestal and KozyFill automatic filling system as shown in C.

C 7KF KozyFill™ Automatic Bird Bath Filling System

The KozyFill Automatic Bird Bath Filler keeps your bird bath full of fresh water. No need to ever carry water to your bird bath again! The KozyFill runs off gravity, so it uses no electricity or batteries. Unlike drippers, the KozyFill adds water to the bird bath only when water is needed! Air pressure forces water from the reservoir to rise to the same height in the birdbath.

To clean your bird bath, simply dump the water and the KozyFill refills it!

The KozyFill ensures that your bird bath never runs dry, even if you're on vacation.

The KozyFill is simple to set-up in five easy steps, and it's made of durable materials to resist corrosion and scale build-up. The water supply line is hidden in the pedestal of the bird bath for a clean, uncluttered look.

The KozyFill™ comes complete with fully assembled reservoir, mounting pole, faucet Y-coupler with shutoffs, and 50 feet of tubing.
